NEWS FROM COUNCIL BLUFFS

School Board Members Will Have an Inter-

esting Time.

WHO ORDERED THE INVESTIGATION.

Some Difference of Opinion as to the Utility

of an Expert Accountant in Ex-

amining the Books of Wil-

liam Groneweg.

Secretary E. E. Wright of the school

board is busy engaged in bringing up

the secretary's books to date, as he was as-

thorized by the board at its last regu-

lar meeting. They are in a terrible muddle,

no entries having been made in

them on the credit side since 1892, so that ten

years are to be posted. The work of the

secretary will be used to a great extent by

the committee which is to investigate the

treasurer's books during William Groneweg's

administration.

Appropos of the investigation, there is a

good prospect of a serious disagree-

ment between some of the members

of the board as to the employ-

ment of A. T. Rice as an expert account-

ant in going over Groneweg's books. It was

understood that a motion to authorize the

investigating committee to employ Mr.

Rice was passed, and Mr. Wells, the

chairman of the committee, instructed

him to employ Mr. Rice as a lawyer.

The other members of the committee, Stacy

and Hirschenstein, claimed that they had

been ordered to employ him if necessary;

they could not consider it necessary

and consequently put a veto on

Wells' action. Wells made the motion

that the dispute should be referred to the

investigating committee, and the motion

was carried. It is not known whether the

investigation should be aided by an

accountant. He would not be the

expert should be employed. Stacy and Hirschen-

stein, on the other hand, claim that the proper

method is to employ a lawyer, and that they

would not have voted for it had it been

otherwise. Although the records bear out

the report of the committee, it is not known

whether the committee will be able to

bring the record up to date. It is not
